

MONDAYS – NORTH CAMPUS WINTER 2019 WTAfter3

NEW! Mindful World II Workshop

3:30 – 4:30 p.m. Grades: PK, K, 1, 2, 3, 4, 5

Program Fee: \$ 150.00

No session on Monday, January 14, 2019.

Mindful World II is an exciting hybrid after school experience blending meditation, world folktales, and art projects with each week focused around a core value and different country's traditions. Although the basic mindfulness skills of self-regulation, body-awareness, and focused attention, will be the same format as our fall 2018 time together, Mindful World II will include ALL NEW stories and creative arts, and some new countries as well. Students will virtually travel to Ireland, China, Australia and Chile among other destinations. Contemplative arts will include calligraphy, painting on silk, making wind chimes, and rain sticks.

TUESDAYS – NORTH CAMPUS WINTER 2019 WTAfter3

NEW! Stories Through Glass with Pittsburgh Glass Center

3:30 – 4:30 p.m. Grades: PK, K, 1, 2, 3, 4, 5

Program Fee: \$ 220.00

Transform your stories and characters into glass art with Pittsburgh Glass Center. We will create fused glass puppets, faux-stained glass backdrops and other glassy characters and accessories to bring your stories and drawings to life!

WEDNESDAYS – NORTH CAMPUS WINTER 2019 WTAfter3

NEW! Grossology Lab with Mad Science

3:30 – 4:30 p.m. Grades: PK, K, 1, 2

Program Fee: \$ 220.00

Grossology: The Science of our Bodies – this after school science course offers a chance to explore just how gross our amazing bodies are! Discover cool chemical reactions, and get right down to the microscopic level to discover the stuff we're all made of—cells! Venture inward on a journey down the "Organ Trail" and explore all our body systems. Create an organ apron and a model lung to take home. Finish the week with an introduction to some of the gross body chemistry we all need, including burping, farting, spitting and why we need mucus. Make your own brain goo to keep!

THURSDAYS – NORTH CAMPUS WINTER 2019 WTAfter3

NEW! Snapology Brick Scientists: Building Your City

3:30 – 4:30 p.m.

Grades: PK, K, 1, 2

Program Fee: \$ 220.00

Students will learn how to build simple machines relating to city construction, building strong structures, create transportation for getting around the city and urban planning.

NEW! First Lego League, Jr. The Mission Moon Robotics Challenge Team

3:30 – 4:30 p.m.

Grades: 1, 2, 3

Program Fee: \$ 250.00

Explore! Create and Test! Share! Students will explore real-world scientific challenges, learn teamwork, and work with motorized LEGO elements in our new FLL, Jr. course, with Coaches Mr. & Mrs. Crossley and Mrs. Vignale.

Our team will focus on our building and programming skills while working to complete The Mission Moon Challenge through Pittsburgh FIRST LEGO League, Jr. We will explore questions such as: What will we need to know about the Moon to live there? What will we eat and drink? How will we get energy? What will we do for fun? The answers that we come up with will inspire us as we design and build our very own WT Moon Base! This experience will include a trip to this year's Pittsburgh FLL, Jr. Expo on February 26 to present our Show Me Poster and the model we build.

NEW! Basket Bears Winter Clinic

3:30 – 4:30 p.m.

Grades: 3, 4, 5

Program Fee: \$ 200.00

Join us for this high-energy, no slacking, after school basketball program with Coach Cooper. Every Thursday afternoon Grade 3, 4, and 5 basketball players will shoot hoops and engage in skills and drills activities to improve their game. Let's play!
